FAQs

What does “CDI” stand for?

CDI stands for Centro de Desarrollo Infantil, Spanish for Children’s Development Center.

How does CDI work?

CDI is a donations-based organization that got started by local GCLA (Great Commission of Latin America) churches in 2008 to help provide meals and care for impoverished children. In San Salvador, we opened the Volcano CDI in 2011 and the Soyapango CDI in 2015.

What does my monthly donation cover?

Your monthly donation provides for one child to receive all the benefits of our CDI program. Specific CDI programs may vary by city, but ours in San Salvador provide the following:

Nutritional Support: a daily, healthy meal

Education Support: tutoring by our full-time teachers and materials to complete homework and projects

Medical Care: free medical checkups, services and medications through our Total Health medical clinics.

Spiritual Guidance: the most important element of the CDI, we share the gospel with all the children and surrounding community, as well as having daily devotionals with the children

How old are the children who usually attend CDI?

As a requirement, the children in our program all attend a local school. This means that most children aren’t able to attend our program until preschool (age 4), and we serve children all the way through high school (18+ years). We also anticipate supporting some of the children that express the interest to attend college!

Where are the CDIs located?

In addition to the two CDIs we manage through GCLA San Salvador, GCLA has CDIs in these cities:

El Salvador : La Libertad

Guatemala : Guatemala City

Honduras : Danli, La Ceiba, La Lima, Limón, Los Cruces and San Pedro Sula

Nicaragua : Managua

Can I contact the child I am sponsoring?

Yes! The best way for you to contact the child you are currently sponsoring is to communicate via Pedro Solano (solanopedro11@gmail.com) Please refer to the Child Communication Guidelines on paged 5–6 of this packet for more details.

Can I meet the child I am sponsoring?

In order to meet the child we ask that you first notify us at GCLA San Salvador whether you are traveling on a mission trip or by yourself and would like to meet the child you are sponsoring. We would then coordinate a time for you to visit the child at the CDI he or she attends.

Can I send a gift to child I am sponsoring?

Yes! Please refer to the Child Communication Guidelines on page 5 of this packet for more details.

How long am I expected to sponsor a child?

We ask our sponsors to make yearlong commitments, but would love it if you would like to be a part of the child's life until he or she graduates from our program.

What happens if I am no longer able to sponsor a child?

If for any reason you are no longer able or interested in sponsoring a child in our program we ask that you let us know by sending us a quick email.

What happens if I can't keep up with my monthly donations?

If for any reason you do not make your donations, we will email you 90 days after your last donation to inquire about whether you will continue to sponsor the child.

I have more questions, whom can I ask? You can email our staff:

Pedro Solano (Sponsorship Coordinator – San Salvador): solanopedro11@gmail.com

Esther Mejia (Communications Director – all CDIs): gcla.cdi@gmail.com

Child Communication Guidelines

We immensely appreciate continued financial and prayer support for your sponsor child. We know that many sponsors desire to connect with their child even further, and that's awesome! If you would like to send an extra gift or letter to your child, here are some guidelines we ask you to respect:

GIFTS:

1. The postal system in El Salvador is unreliable and we have lost packages in the past. For that reason, we ask that you NOT mail anything directly to us for your sponsor child. The best way to get a package to us is to send it with one of the mission teams that visit us throughout the year. If your church is sending a team, you may coordinate with the team leader to send the gift with the team luggage. If not, please email us and we will coordinate where you could send the package in the States to then be brought with a team. Please let our CDI staff know before sending so that we can ensure delivery and send pictures back to you!
2. Remember to include a note with your name and the child's name and city.
3. Please refrain from sending an outwardly pricey gift that could put the child at risk for theft. Please consider a gift under \$50 that will help to improve their education, clothing, personal hygiene, motor skills, etc.
4. Please make sure that your gift fits within a 1-gallon Ziploc bag.
5. Please refrain from sending or giving any cash to the child you sponsor. If you prefer to send money, we will verify a specific need that the family has and use the cash gift to buy those items locally to then deliver to them.
6. Please do not share any of your personal contact information with the child (i.e. email address, mailing address, phone number or social media accounts).
7. Please refrain from sending anything that may promote aggression such as toy guns, toy swords, etc.
8. Gift Ideas:
 - School supplies
 - Educational games or toys
 - T-shirt, socks, underwear
 - Girls: hair ties and clips, purses, necklaces, bracelets
 - Boys: athletic shorts, toy cars, bouncy balls

LETTERS:

1. We love when our sponsors send letters of encouragement to the children we serve!
2. The best way to send a handwritten letter is with one of the mission teams that visit us throughout the year. If your church is sending a team, you may coordinate with the team leader to send the letter with them. If not, please email us and we will coordinate where you could send the letter in the States to then be brought with a team. Please let our CDI staff know before sending so that we can ensure delivery and send pictures!
3. You may also send a letter electronically by emailing our Sponsorship Coordinator, Pedro Solano, at solanopedro11@gmail.com. She will translate the letter and deliver it both in English and Spanish to your sponsor child.
4. Although we encourage our children to write back if they receive a letter from their sponsor, we do not obligate them to do so and cannot guarantee that you will receive a response.
5. Please do not share any of your personal contact information with the child (i.e. email address, mailing address, phone number or social media accounts).

Following these guidelines will promote excellence in the CDI's services and will avoid any potential problems. If at any time, you need more information about instructions for sponsors, please don't hesitate to contact our Sponsorship Coordinator at: solanopedro11@gmail.com
